- Vinu: Thanks to everyone who went to *Noises Off!*

- A message to the company:

Dear HTAC,

Hello, my name is Aline Szency and I am the President of an RSO called PIH Engage. I am writing to see if the HTAC would be interested in performing/participating in our Fall Concert event we will be hosting on November 24th at 7:00 pm in the Trabant Multipurpose Room. We think the HTAC would be a great addition to our list of performers!

PIH Engage is a branch of the national organization Partners in Health, a non-profit health care organization. Partners in Health focuses on closing the health gap that exists between developed nations and third-world countries. This focus has sent thousands of healthcare employees into countries such as Rwanda, Haiti, and Peru, all with the intent of providing those citizens with basic healthcare.

Our goal as PIH Engage is to raise awareness and funds for those deprived of basic healthcare needs throughout the world. To achieve our goals, we host events such as information sessions, documentary nights, and fundraisers. Our

Fall Concert event will be our biggest event this semester and all profits go to Partners in Health so that they can provide health care to those in need. We would greatly appreciate it if you were able to partake in the event.

If you are interested in performing, please let us know what type of performance it will be, if others will be performing with you, and how long the performance will be.

We look forward to hearing back from you and hope to see you performing on the 24th!

Contact information: aszency@udel.edu
